Fourth Batch (2008-2010)
Master in Quality & Productivity Management
(A two year postgraduate degree program)

Department Of Statistics
Sardar Patel University
**Motto:** शिल्पवृत्त के श्रृंखल्य

Motto in English: Character and Conduct are the Fruits of Learning

**Established:** 1955

**Type:** Public

**Chancellor:** Governor of Gujarat

**Vice-Chancellor:** Prof. B. G. Patel

**Faculty:** 191

**Location:** Vallabh Vidyanagar, Gujarat, India

**Campus:** Rural

**Affiliations:** UGC

**Website:** [www.spuvvn.edu](http://www.spuvvn.edu)

**Website for Dept. of Statistics** [http://spuvvn.edu/pgd/statistics/about.html](http://spuvvn.edu/pgd/statistics/about.html)

**Our Vision**

Establish an internationally accredited and globally respected centre for Statistical Science and Quality Management that contributes to the societal enrichment by developing ethical, dependable and socially sensitive Statisticians and Quality Managers committed to excellence.

**Our Mission**

- Attain academic excellence by updating and expanding horizon of knowledge through teaching, research and extension activities.
- Bring theory into practice through corporate linkage for consultancy.
- Provide value augmented quality education though innovations.
Brief Outline of Department of Statistics……..

The Department of Statistics was established in the year 1961. Since its establishment the department made its name as one of the best teaching and research department in the western region. At present the department is having Six faculty members actively engaged in teaching and research.

Message from Head's Desk.....

Prof. Ashok Shanubhogue
Head & Coordinator(MQPM)
Department of Statistics
Sardar Patel University
Vallabh Vidyanagar- 388120
Email : a_shanubhogue@yahoo.com
(M) 09879535433
(O) 02692- 226871, 226881

“My definition of nation prosperity index is equal to GDP including quality of life for all coupled with value system. It is essential to ensure that all the citizens are empowered with good quality of life encompassing nutritious foods, good habitat, clean environment, affordable health care, quality education with value system and productive employment leading to the comprehensive qualitative development of the nation. There is a strong urge in our society to come out century old “Developing Country” brand name to “Developed Country” status. To become developed country, we must have competitive edge in the international market. Quality is very essential to achieve this. We must use competition as an opportunity to improve our quality and to transform from a technology importer to technology exporter”.

(Excerpts from the speech of Dr.A.P.J.Abdul Kalam, Honorable former President of India inaugurating the 2nd National Quality Conclave on February 9, 2007 at New Delhi)

Why Master in Quality and Productivity Management (MQPM)?
To rise to the challenge of the international quality revolution, there is a demand of quality professionals who are well equipped with new techniques for improving the quality of products and processes. To full fill this demand we have started a new innovative post graduate programme i.e. “Master of Quality and Productivity Management”. The aim of this course is to produce quality professionals who can help industries to improve the quality of work processes, quality of working life, and quality of safety of health care.

MQPM’s Four Pillars

1. Produce professionals with Quality management background.
2. Promotion of Quality and Productivity in Industries.
4. Rewarding industries for quality initiatives by organizing competitions.

I am sure the Corporate would appreciate our efforts towards the ‘Making of Quality Manager and Statisticians’ with new business perspective. I take this opportunity to mention that, given an opportunity, our students would certainly add value to your organization.

I invite you to the Department for a meaningful interaction with the students for Final Placement.

Prof. Ashok Shanubhogue
Some Details about the Department of Statistics:

**Teaching Faculty:** Renowned faculties from Statistics, Management and Computer Science Departments, Sardar Patel University and personnel from corporate sectors

**Departmental Facilities:** Classrooms with Multimedia Projectors, Air-conditioned Laboratory with 50 advanced computers and Multimedia Projector. Departmental Library with sufficient amount of research journals and books. Seminar Hall with Multimedia Projector. Students’ consultancy activities and Field projects.

**Department Placement Cell:** Dedicated department committee on placement activities.

In P.G. Programme about 120 students are studying in the Department. There are 15 M.Phil students and 8 Ph.D. students studying for their research degree. Further about 33 students are studying for various Certificate Courses.

ABOUT

**THE MASTER OF QUALITY AND PRODUCTIVITY MANAGEMENT (MQPM)**

**(A two-year Postgraduate Degree Program)**

The two-year postgraduate degree program run by the Department of Statistics, Sardar Patel University attempts to cover all relevant aspects in a highly pragmatic manner. It is the continuous endeavor of the faculty to provide right insights to the students in the areas of Quality Management since organizations are focusing on developing quality-driven business strategies. The focus of the MQPM program is on sharpening the student’s managerial skills with a new perspective of Lean Six Sigma and ISO and helping them in integrated personality development.
The program aims at creating the right skills keeping in mind the changing business scenario, thereby meeting changing needs of business and Industry. The program integrates Statistics, Management and Computer Science. The classroom learning is enriched by various case studies, seminar presentation, group discussions, interacting with practicing quality managers and quality professionals, etc. After studying three semester theory papers, in the fourth semester students have to complete six month fulltime project work in any industry. By this six month rigorous industrial training students have some on hand practical exposure of quality management. The students are being groomed to perform the new emerging role and shoulder managerial responsibility in the changing business and organizational environment.

Industry Internship Program (IIP)

The Master in Quality and Productivity Management at Department of Statistics, Sardar Patel University is designed in such a way that it incorporates industrial exposure in the regular course curriculum over a period of two years. The emphasis is on bridging the gap between theory and practice strengthens learning at MQPM. Industry Internship Program has multiple objectives of learning such as providing practical exposure to real life business methods and practices; preparing the students for meeting business challenges; enhancing the abilities of the students working in a multicultural environment; developing sensitivity towards team work and group behavior, and augmenting their abilities to participate in the achievement if the common goal of the organization. IIP continues for a period of five months in an organization. A student is required to work at the middle/top level of management under the supervision of a senior manager who will assign appropriate duties, monitor the performance, render the necessary guidance whenever solicited and motivate him/her to achieve the desired results. IIP also gives an opportunity to Industrial organization with respect to future needs for HR especially when there is a shortage of such talent. This is a unique program where Industry is expected to build up their future. After the completion of the IIP, the student is required to submit a report to the organization, and the organization is required to issue a certificate of completion with appropriate comments and remarks.
### MQPM Class Room

Class rooms with multimedia projector to enhance e-learning. Audio and Video resources in the form of cassettes and CDs encompass major areas on management and computer which make learning enjoyable.

---

### MPQM Library

Provides academic support, and houses around 8 Indian Journals, 24 International Research journals and full excess of E-Journals (From UGC-INFLIBNET). Good amount of Books on Marketing Research, Quality Management, Data mining and Statistical Data analysis.

---

### MQPM Computer Laboratory

**Capacity 50 students**

Provides in true sense gateway to the world of applications and information resources. The whole laboratory is equipped with 100 Mbps switched network. The latest computers on LAN 1:1 computer-student ratio enhance the value of the Laboratory. Entire network is connected with Server to provide centralize data excess. The entire network is connected to UPS facility with 3 hrs battery backup.

---

### MQPM ASSEMBLY HALL

Well furnished assembly hall with the capacity of 300 students.
## “MASTER IN QUALITY AND PRODUCTIVITY MANAGEMENT (MQPM)”

### DETAILED COURSE STRUCTURE

Course Features: (Statistical Science + Management Science + Computer Science)

<table>
<thead>
<tr>
<th>Paper</th>
<th>Semester-I (June – December )</th>
<th>After completing each semester students are able to :</th>
</tr>
</thead>
<tbody>
<tr>
<td>QP-101</td>
<td>Business Statistics and Information System (Marketing Research)</td>
<td>1. <strong>Conduct successful Market Research Projects</strong>&lt;br&gt; * Prepare MR Questioner&lt;br&gt; * Collect Data from field&lt;br&gt; * Prepare Data Files (Database)&lt;br&gt; * Statistical Analysis of MR Projects</td>
</tr>
<tr>
<td>QP-102</td>
<td>Statistical methods for Quality and Reliability</td>
<td>2. <strong>Manage Quality Control tools</strong>&lt;br&gt; * Control Charts&lt;br&gt; * Process capability analysis</td>
</tr>
<tr>
<td>QP-103</td>
<td>Management of Productivity</td>
<td>3. <strong>Implement Productivity Criteria in Industries</strong>&lt;br&gt; * Employee Productivity&lt;br&gt; * Roll of HR in quality management</td>
</tr>
<tr>
<td>QP-104</td>
<td>Practical based on Excel</td>
<td>4. Implement different <strong>TQM</strong> Models in Industries&lt;br&gt; * <strong>Quality Circles</strong>&lt;br&gt; * <strong>Quality Tools and Techniques</strong>&lt;br&gt; - Activity Network, FMEA, VSM, MDAC, QFD etc.&lt;br&gt; - Cost of poor quality, Just in Time, Supply chain Management etc.</td>
</tr>
</tbody>
</table>

| Semester-II (January – April ) | | 5. Apply **Lean Six-Sigma** Methodology in Industries<br> * Covers entire Black Belt module |
| QP-201 | Total Quality Management | 6. Manage **Q.A./Q.C.** tools in any industries |
| QP-202 | Planning and Analysis of Industrial Experiments (DOE) | 7. Plan the **Industrial Experiments** and Analysis of The experimental data. |
| QP-203 | ISO 9001:2008 Certification | 8. Manage **ISO 9001:2008** activities in any industries<br> * Prepare Formats and Documentation<br> * Conduct Internal audit and MRM |
| QP-204 | Practical based on SPSS World’s best statistical analysis software | |

| Semester-III (June –t December ) | | 9. Construct/Maintain huge data base structures |
| QP-301 | Knowledge Discovery and Data Mining Techniques | 10. Define Classification rules for huge customer databases (Bank Data, Departmental Stores) |
| QP-302 | Database Management System ORACLE (SQL, PL/SQL) | 11. Prepare Forecasting/System Models |
| QP-303 | Optimization Techniques | 12. Utilize effectively the Optimization techniques in Industries. |
| QP-304 | MINITAB 15.0 Quality Campaign 3.0 | |

| Semester-IV (January – April ) | | Do the Project work in the following Industries: |
| QP-401 | Project Work (Fulltime) in any Industry | • Market Research Companies/Management Consultant Firm<br> • Manufacturing/Service Industries<br> • ISO Certification companies<br> • Software Companies |
| QP-402 | | |
Corporate support for Industry Internship Program (Six Month Full time project work) & Final Placements.....

Skills in ISO Certification:

Skills in Lean Six Sigma:

• Knowledge of Tools and Techniques

Database Management & Data Analysis Skills:

• Preparation of Questionnaire, Data Collection, Database preparation in SPSS/ORACLE, Data processing, Basic Statistical Reports and Data mining techniques.

I.T & Statistical Software knowledge:

• Able to handle Statistical Problems using Statistical Computing Software like SPSS 15.0, MS-Excel etc

Statement of Intent / Career Objective:

• To attain a challenging position with an organization that fulfills organizational as well as personal objectives in the field of ISO.

Strengths:

• Good organizational and interpersonal skill, motivated team leader, interested in continuing upgrading skills.

Industrial Internship Program: (4 Months)

• Organization: GRAND QUALITY SERVICES– VADODARA
• Project: Projects for ISO 9001:2008/ 14000/18000 - Implementation / upgradation & Surveillance Audit
