Namasthe All,

As you may be already aware, the 4th edition of the India International Science Festival (IISF) 2018 is going to take place at Lucknow during 05-08 October, 2018. On earlier 3 occasions, they were held at IIT-Delhi, National Physical Laboratory, New Delhi and Anna University with associate institutions at Chennai and have been only growing in all respects.

As a part of the IISF- 2018, it is proposed to organize a competition “**Nav Bharath Nirman**” on 5th October. The purpose of this event is the improvement of innovations and creativity for the benefit of nation. We are encouraging the citizen to become a part of nation building through promoting the projects/ models as solutions for the benefit of some specified problems. (Copy of Nav Bharath Nirman poster is attached).

In the above context, on behalf of IISF- 2018, I take this opportunity to request you to inform the students/faculty/common people in your prant to participate in the program “**Nav Bharath Nirman**” through online registration and upload the soft copy with details of problem solutions before 10 September 2018 on scienceindiafest.org . The selected participants will get the invitation to display their solutions in IISF-2018 on 05th October, 2018 at Indira Gandhi Prathishthan, Lucknow.

Thanking you

Yours faithfully

Praveen Ramdas
Secretary
